Requirements

The basic requirements to participate are as follows:

- Must be a Southern California Edison (SCE) electric customer.
- Must rent or own a single-family detached home or unit in a building with a maximum of four units.
- Must live within a program-eligible ZIP code and within an area or community considered disadvantaged and/or hard to reach by the state of California.
- If outside Greater LA Area, customer must live in a CA state defined disadvantaged and/or hard to reach community, OR customer must use primary language other than English, OR be enrolled in SCE's CARE or FERA programs (low income).

Get started

Save energy and money when you contact your Energy Advisor today at **888-662-1637** or email an Energy Advisor at AdvisorHPP@clearesult.com.

Hay intérpretes de español disponibles.

Southern California Edison Company (SCE) has contracted with CLEAResult to design and implement an energy efficiency program and to deliver the resulting energy and demand savings to SCE. CLEAResult's Home Performance Plus program is a local program for qualifying residential customers. See the full legal disclaimer at HomePerformancePlusCA.com.

We change the way people use energy.™
